

Category 3 Consultation (High Conservation Values) Forest Stewardship Council® (FSC®) Controlled Wood Risk Assessment

The following comment form is being made available by KBM Resources Group as part of a consultation with interested parties as per the Forest Stewardship Council controlled wood risk requirements for Category 3 – see Annex B in *Requirements for Sourcing FSC Controlled Wood (FSC-STD-40-005 V3-1)*.

Available reference documents for stakeholders: [KBM Controlled Wood Risk Assessment](#) (includes links to relevant FSC standards used in the Risk Assessment)

Please note: Any comments will be considered **confidential** unless consent is given to publish comments as part of a consultation summary report. We will respond to you indicating how your comments were considered within 60 days following the close of the comment period.

Name:

Title:

Contacts (optional, for follow up):

1. Do you self-identify as an Indigenous person or represent an Indigenous organization? Yes No

2. Do you self-identify as a Métis person or represent a Métis organization? Yes No
